

# The Theonomy of Claritas

I \_\_\_\_\_, through no binding oath whatsoever apart from my own commitment; promise to pray a whole Rosary, or, at the very least, three Hail Marys or one Hail Holy Queen for the following intentions:

- That Our Lady consoles the Sacred Heart of Her Son for all sins against the first Three Commandments and Four Sins that cry to Heaven for Vengeance, and for all our own sins against Him; likewise that Our Lady's own Immaculate Heart be consoled for the five blasphemies against Her, and all other blasphemies and outrages against Her.
- The Grace of Final Penitence and Final Perseverance for all members of Claritas and help with whatever they are dealing with now; and that we may all fulfill our vocations, be they to the Priesthood, the Religious Life, marriage and family life or single; and that all members who are struggling with slavery to sin, may be freed from it; and that all of us may fulfill God's plan for each and everyone of us.
- The Well-being and Salvation of all members of the Argent League as well as all their family members, friends, peers, acquaintances, dioceses and communities; and help with whatever they are dealing with throughout the day.
- The Salvation of the souls of each members family member, friend, neighbour and acquaintance, and the well-being of their local dioceses and communities; may all those outside the Church, enter into it and be Saved.
- The conversion and Salvation of all Autistic People outside of the Church, especially those who are enslaved to sin, are openly sworn enemies of the Church, and/or are most in need of God's Mercy.
- The shortening of the sentences of the of the Holy Souls in Purgatory, and that they may enter into Heaven sooner.
- Thanksgivings for all that God has given us throughout our lives.

I will, with the help of God's Grace, knowing again, that I am under no obligation nor binding oath apart from Charity; go as far as I can praying for these intentions until I can go no further, or God calls me away from this, and to something else.

Signed; \_\_\_\_\_
